EDUCATION

Indian Institute of Information Technology and Management Gwalior — Gwalior, India
Integrated B.Tech and M.Tech in Information Technology - CGPA: 7.53/10.00 — 2019 – 2024

Modern Academy — Lucknow, India
Intermediate - 84.25% — 2018

City Montessori School — Lucknow, India
High School - 93.60% — 2016

EXPERIENCE

Wesence Technologies — Bengaluru, India
Software Engineer — June 2024 – Present
- Designed and built secure, scalable RESTful and GraphQL APIs to support seamless integration and communication between client and server applications across projects for both national and international clients.
- Developed robust back-end systems using NodeJS, NestJS, and ExpressJS, focusing on scalability, performance, and maintainability for web applications serving diverse business needs.
- Set up CI/CD pipelines, managed AWS infrastructure including EC2 instances, and enabled efficient collaboration between development and operations teams to deliver reliable solutions for global stakeholders.
- Identified and documented bugs and system inconsistencies, creating detailed tickets using tools like Jira and Linear to streamline resolution processes across cross-functional teams.

Wesence Technologies — Noida (Remote), India
Web Developer Intern — Sep 2023 – Apr 2024
- Developed Prisma schema models and NestJS services for multiple modules in a Fin-Tech project.
- Developed back-end services for report generation, media upload/download, dashboard development and worked to optimise existing back-end architecture.

Onelab Ventures — Pune (Remote), India
SDE Intern — May 2023 – July 2023
- Developed and maintained full- stack on-line Ed-Tech portal from scratch, using Lambda functions and ReactJS.
- Implemented the front-end feedback on live applications given by the client in minimum stipulated time.
